

BACK-TO-SCHOOL CLOTHES FOR KIDS 2010 to Benefit WJCS Clients

Last year, 450 WJCS children and teens were outfitted with new clothes for school. Getting new clothes for school sends a message to a child that school is important and that he or she is important. This clothing will help a needy child get through the fall and cold winter months.

HOW THE PROGRAM WORKS

Program Directors nominate our neediest children to receive clothes. The sponsor will receive a profile sheet with the child's name, sex, age, as well as style and color preferences. Each child receives underwear, socks, three tops, bottoms, sneakers or a coat (whichever they need more) and a backpack with school supplies.

The estimated cost to dress one child is \$175 (shopping in discount stores i.e. Old Navy, Target, Wal-Mart).

Teens shop with social workers or volunteers on designated **"Teen Shopping Nights"** at the Galleria. Donations of money and gift cards pay for the teens to choose their own clothing so they get exactly what they want with the right look and fit.

If you have participated in the past; thank you from WJCS and our kids. You already know what a rewarding experience it is.
