Making an Impact Together!

Westchester Jewish Community Services (WJCS) presents our 2026-2027 Family Volunteer Events – an opportunity for you and your children to spend quality time together while making a difference for our neighbors in need.

These hands-on activities are designed for families of all ages to roll up their sleeves, have fun, and help our community. Whether you are sorting supplies, packing kits, or delivering smiles, every project is a chance to teach children the value of kindness and connection
